 DIGIBETA PAL  
 DVD  
 Others \_\_\_\_\_

### Submission Guidelines:

Regardless of being selected or not for the QL programme, preview copies will not be returned, and will be added to the QL archive. Prior theatrical or television screening, so as DVD release in Portugal, disqualifies films from selection.

### If selected for the Festival Program:

- The Legal Representative signing this Submission Form must make sure that a screening copy of the selected film is available for the Festival dates.
- The screening copy must be sent to the Festival by its rights holder (at his/her charge) up to 10 days before the Festival opens. The Festival will take charge of its return.
- Please note that the Festival does not pay any screening fee for films selected by submission.
- If the screening copy is in transit between Festivals, QL will only pay for either the import or export duties of the copy, never both.
- Screening formats accepted: 35mm, Beta Sp Pal, Digibeta Pal, and DVD. The screening of any other format which will imply a transfer will be negotiated.
- Screening copies of films in any other language than English must be subtitled in English.
- The selection of the film for any of the Competition Sections is of the sole responsibility of the Festival Programmers.
- The Festival holds the right to use stills and up to 90" (ninety seconds) of film images for promotional purposes.
- Whenever possible each film is screened twice.
- The invitation to directors and / or actors to attend the Festival depends on the sponsorship of private and public institutions to do so.

For further details, please read our Festival Regulations
